KAKAS BROS. BEDFORD ST. FUR STORE

Honest Furs at Honest Prices

By Honest Furs we mean Furs sold by their correct names and strictly as represented.

Furs made in our own work-rooms, from selected skins, with the same workmen and with the same care, whether the article is sold for \$5 or \$500.

Furs whose quality of material and workmanship make it impossible for us, if we would, to offer them below the prices of standard goods, under the presence of "openings," "specials," or "mark down" sales.

Muffs which we sell for \$5 are worth \$25, and not advertised as such. We offer a complete line of all that is fashionable in fur this season, and certainly invite comparison as to quality, style, and price.

34-36 BEDFORD ST. BOSTON

By Honest Prices we mean Prices based upon the cost of materials and manufacture, and therefore representing fair market values.

Prices which, on investigation, will be found to be as low as other dealers name for goods of equal quality, and in many cases lower.

Prices which we return the same until there is a decided change in the cost of production.

Prices which give purchasers a full equivalent for their money.

ACERTAINED FITNESS.

Has Prescribed Over 5000 Cases of Encephalitis in Apoplexias.

Washington, Dec. 12.—President Roosevelt made known his purpose a few weeks ago regarding appointments in the navy, army and insular service.

Yesterday he expressed himself regarding judicial appointments, and while he made no suggestion that party considerations should be ignored in these in the three classes before named, he did say that he would insist upon accuracy in the selection of his appointees.

He should always invite and welcome the information and advice of senators and representatives as to the qualifications of candidates in their respective fields for the federal bench.

He should see to it personally that the appointments were good ones. He then declared that he would give the importance of an honorable and dignified judiciary.

The president has taken steps to discontinue the federal office of the president from their places of prominence in the political organization. Responsible citizens of the state represented in the senate and house of representatives have been called upon to give their public duties and their political activities. It is with them to choose, but they must make a prompt decision.

But Young Will Be Reinstated if Havana Sentiment Prevails.

Washington, Dec. 12.—As a result of statements made in a recently published letter regarding the ability of the Cuban government to govern themselves, which have been deemed inadequate, Lieutenant Commander Young has been relieved of his duties as captain of the port of Havana.

He has not yet been assigned to other duty, nor has his successor been selected.

Havana, Dec. 12.—A rumor current here last night that Washington had relieved Lieutenant Commander Young as captain of the port of Havana, caused the representatives of every shipping interest in the city to send a cablegram to the Cuban government.

WEYMOUTH GAZETTE.

PUBLISHED EVERY FRIDAY.

M. B. HAWES, Manager and Editor.

FRIDAY, DEC. 13, 1901.

Weather Report for the Week Ending Thursday Dec. 12.

Table with 3 columns: Day, Temp., Wind.

Don't miss next week's Christmas number of the Gazette.

The school signal on account of the storm of Tuesday was enjoyed by the children, but it was a day lost from school life.

Head the old, home merchants for the holidays and visit home towns. Money spent in town keeps moving in town and enhances local property.

The eight annual report of the Bunker Hill Boys' Club, which comes to us this week is full of interesting facts in regard to work being done in the town.

A good, well developed boy will find something to do, and will find the club with the boys good clubs or good home reading, and gamebooks.

The Boston election on Tuesday was a "land slide" in favor of the Democratic party. There was a difference of 10,000 votes between the two parties.

State election of a month ago. Voting seems to be about as usual, a thing to guess on as to racing or base ball.

Now is your time to subscribe for the Gazette for 1902. All new subscriptions in this month date Jan. 1, 1902. Be sure and begin at once and get our illustrated Christmas number.

If you are making some absent friend, if you are interested in Weymouth, a Christmas card is a good thing to send them a year's subscription to the Gazette.

The article in the People's Column of the Gazette of last week on church consolidation has been read with more interest than anything we have published in a long time.

The subject is one which is not only interesting Weymouth but the entire country. The people of Weymouth are more than an average church going people but the fact confronts us that the churches are not united in their efforts.

When we speak of Weymouth churches we must of course take in the Union Church of Weymouth and Braintree and now for the facts.

We have a seat capacity of a little over 600 people and last Sunday we had an ideal one for people to get out, only one-half of these sitting, in fact, it was because we haven't the people far from it.

There are upwards of 12,000 people who are within the radius of these churches, allowing 30 per cent. for those who are too old, too young, too sick or at home caring for the sick, we still have upwards of 8000 who might have been there had they chosen.

The subject under discussion is a grave one as everything that has to do with the church is of importance. It is a subject that should be considered by all churches.

It will be seen by the above figures that instead of reducing the number of churches we need six more if all the people who are able attend.

Old Colony Circuit League. The quarterly meeting of the Old Colony Circuit League was held at the Methodist Episcopal Church, East Weymouth, on Monday evening, Dec. 9th.

The president, Mr. B. Sylvester of East Weymouth, called the meeting to order. Mr. Standard of Rockland, called the prayer service and Mr. A. G. Maynard of Weymouth, read a pleasing address by Miss Mary Black, Mr. Sylvester introduced the speaker of the evening, Miss Clara Cushman of Newton, who brought to us reminiscences of her work in China where she has been for several years. Her address was full of enthusiasm for the work, and her plea for the mission was full of interest.

With regard to the audience found the address a most wonderful work. At the close of the address a song by Miss Clara Cushman was enjoyed and followed the march and song.

After the roll call and benediction closed the exercises of the evening and the remainder of the time was spent in the social hour during which the entertaining league served refreshments of cake and coffee. Delegations were present from Hingham, East Weymouth, Portland, Rockland, Haverhill and West Abington. An invitation was read and accepted by the Circuit League to be present at the anniversary exercises of Brooks Chapter of the Porter Church on the evening of Jan. 1, 1902.

Calendar Fair. To the executive committee of the Ladies' Social Union, Mrs. G. H. May, president, of the Circuit League, has been appointed to be in charge of the calendar fair and the tables and booths were most beautifully decorated and arranged, representing each of the months of the year.

The event was by the name of Calendar Fair and the tables and booths were most beautifully decorated and arranged, representing each of the months of the year.

Mrs. George Drew was in charge of January and February and displayed large line of handkerchiefs and other goods.

Mrs. John F. Cushing had March and April and gave "Bargains" in seasonal goods.

Mrs. James Ford had May and June with an extensive line of domestic articles.

Mrs. Bernard Bailey displayed choice candy at the August booth.

Mrs. M. B. Tolan was in charge of September and October and displayed choice goods.

Mrs. A. B. Tolan was in charge of November and December and displayed choice goods.

The entertainment for Wednesday evening was given by the ladies of the Circuit League and was a most successful one.

The ladies of the Circuit League were most successful in their efforts to raise money for the mission and the work of the church.

SOCIAL AND BENEFICIARY.

When and Where Our Men and Women Gather.

The fathers had but little time for clubs and kindred organizations and no conception of what was in the future for the town they established.

Social gatherings in the early days were confined to the male to raise and hog killing both of which events brought the friends of parties most interested and the occasion was made a festive one.

The town did however, have a military organization and muster or training day was a marked day in the calendar. It remained for the last century and almost for the last generation to develop the joys and today we stand at the fore front as a town of organizations.

WEYMOUTH CHURCHES.

Denominations and Creeds For Everybody.

UNION CHURCH, 74 WEYMOUTH AND BRAINTREE.

It was religious zeal which brought the first colonists to these shores and consequently religious institutions may have been looked for in the early days and we find as early as 1633 church work began.

The early church had many conflicts and not until after 1633 were the complications straightened out and a well organized church established which worshipped in a building erected at "Burying Hill" near where the soldiers' monument now stands.

This church was a town institution and while its location was changed it was the only church in town for nearly a hundred years, the town being divided into the North and South parishes in 1723 and a new church established at South Weymouth.

It was nearly another hundred years before there came any more changes, but the 19th century saw a separation of town and church with many new churches established and today we have the Old North Church, (Weymouth Heights) Rev. Ralph J. Houghton, pastor.
